June 18, 2019

Dear Parents and Guardians:

Please be advised that beginning in September 2019, there will be changes made to the bus routes for some students travelling on school buses in the Lincoln, Burton and Geary areas. These changes have come about following consultation with school administration and a review of bus routes.

The purpose of this reorganization is to make our school bus system more efficient and lessen the wait time for students at various schools. As a result, **bus runs will see all students in Grades K to 12, bused together.** With this change, some students will be picked up and dropped off at different times... some a little later, some a little earlier.

We would also like to remind parents and guardians that transportation to afterschool care will only be provided if a bus travels by the requested location and if there is space available on the bus. Please do not assume that space is available on every bus. It is best to check with our school district transportation department, prior to sending students on the bus to an afterschool care provider.

A list of changes to bus runs is enclosed. If you have any questions regarding the busing changes, please contact our school district transportation department at 1-506-357-4256 or 1-506-357-4252.

Thank you,

Daniel Wishart
Transportation Manager
Anglophone West School District
