# McADAM ELEMENTARY SCHOOL

MONTH: MARCH 2021

Respect Yourself, Respect Others, Respect Community

March break is behind us and we are heading down the home stretch. Hopefully all this snow will start to disappear soon. It is hard to believe that we have been in school for six months already (only four more to go). The second report card will be going home on March 31<sup>st</sup> and parent-teacher interviews will be April 13<sup>th</sup> and 14<sup>th</sup>.

## Bottle Blitz

Part II of our Bottle Blitz Fundraiser will start on March 8<sup>th</sup>. It will run for 2 weeks and may be extended. We are excited to announce a partnership with Scotiabank on our bottle drive. Help support our school by donating recyclables to our Bottle Blitz. All funds support our goal of having a multi-purpose sports field.

**THANK YOU**  **Scotiabank**

You can drop the recyclables off at the local bottle depot, Cole's Bottle Depot in Harvey or you can fill up Mr. Cousins' truck!

## JavaMoose Fundraiser

Our Java Moose fundraiser is this month. We will be selling 8 delicious flavours of coffee including Canadian Maple and Butter Rum Fudge! Each flavor is available in whole bean form, ground coffee or k-cups. We will send out a voicemail and post details on Facebook. Our popcorn seasoning fundraiser will be in April.

## Heart Healthy Schools

As part of our commitment to being a Heart Healthy School we will be doing our **second challenge - consuming 0 sugar sweetened drinks**. For this, we will be encouraging students to drink more water. The students did an AMAZING job on the first challenge. They ate a lot of fruits and veggies and it is great to see them have more healthy stuff in their lunches. It was nice to see students try some of the fruits and veggies for the first time.

## Trash Tracker

Through the Gaia Project our school will be participating in the Trash Tracker program. For this we take a close look at the trash we have at the school and come up with ways to reduce our environmental footprint. This is a great hands-on project for the kids, and we are excited to be taking steps to being a more eco-friendly school. For more information feel free to visit their website @ [www.thegaiaproject.ca](http://www.thegaiaproject.ca).
