World Health Day

APRIL 7 Is World Health Day! The World Health

Organization was founded on April 7, 1948. Since then, the organization has carried out a huge amount of valuable work, including the global eradication of smallpox and the implementation of a wide range of public health strategies. Now, 193 countries are members and the organization is still working to improve many aspects of health around the world.

This year's theme is building a "Fairer & Healthier World. For more information follow this link: [World Health Day 2021 \(who.int\)](https://www.who.int)

TOP 10 LIST OF WAYS KIDS CAN HELP THE EARTH:

1. Use your school supplies from year to year.
2. Use library books instead of buying your own.
3. Use a lunch box with reusable plastic containers, and a thermos.
4. Clean up the park and yard after you play. Don't Litter!
5. Turn off the lights and water tightly when you are done with them.
6. Close the doors and windows to keep heat and air from escaping.
7. Car pool with friends or walk, it saves gas.
8. Share you toys instead of buying too many.
9. Donate outgrown clothes and toys to homeless, the needy, or pass them onto a friend.

10. Organize a yard sale and sell things your family no longer uses....someone can reuse them!!

APRIL SHOWERS

Pitter Patter rain drops,
Falling from the sky

Here's my umbrella, Hold it High!

When the rain is over and the sun begins to glow
Little flowers start to bud then grow, grow, grow!

Talk
with our kids
about money™

What is the
purpose and
goal of the
program?

The goal is to focus attention on talking with our kids about money – and to encourage and support parents, guardians, and teachers to start or continue such talks with youth. Canada's Task Force on Financial Literacy noted that improving financial literacy was a shared responsibility, that it would be a lifelong process, and that it was important for financial education to be provided in our public schools. This project responds to all of these key points. In addition, experts and research indicate that young people can benefit from early discussions about money – to help build knowledge and skills for the decisions they will face. Any day could be "**Talk With Our Kids About Money Day**" but we are focusing on one day a year – the third Wednesday of April – to "get conversations started" and bring attention to the importance of talking with our kids about money – starting at a young age.
