## Fire Prevention Week!

**October 3-9  
Sounds Of Safety!**

The theme of Fire Prevention Week for 2021 is “Learn the Sounds of Fire Safety!” which aims to educate about the different

sounds that smoke and carbon monoxide alarms make. Understanding the sounds of your alarms can help you to take action to keep you and your family safe.

### The Sounds of Smoke Alarms

A continued set of three loud beeps means there is smoke or a fire. If you hear this noise, you should get out of your home, stay out and call 9-1-1. When the battery is low on your smoke alarms, they will make a single chirp every 30-60 seconds. If you hear a chirp, replace the batteries in your alarms. After replacing the batteries if you still hear a chirp, it means the alarm is at the end of its life and needs to be replaced. Smoke alarms should be replaced every 10 years

### Sounds of Carbon Monoxide Alarms

A continuous set of four loud beeps indicates that carbon monoxide is in your home. If you hear four beeps, you should get out of your home, stay out, and call 9-1-1. If you hear a single chirp every 30-60 seconds, replace the batteries in your carbon monoxide alarms. After replacing the batteries if you still hear a chirp, it means the alarm is at the end of its life and needs to be replaced. CO alarms also have “end of life” sounds that vary by manufacturer. This means it’s time to get a new CO alarm.

Please support our amazing school, Montgomery Street Elementary as we raise funds for meaningful contributions to our school and students. Consider donating the following: -Gently used clothing, shoes, linen and

accessories - Household items (preferably those that fit in a box) These two help up raise the most funds!!!! The more bags of donations we gather, means a greater profit to support our schools upcoming and current needs and causes.

*Thank you for your generosity!*

**Our Goal: \$500**

**What we need to bring in to receive our goal :**

186 Tall Kitchen Bags + Large Yard Bags and 50 Medium boxes (household goods)
