

# ENTERING GRADE 11

**COURSE  
SELECTION  
2022-23**

**NACKAWIC HIGH  
PRESENTATION**

# DIFFERENCES BETWEEN GRADE 10 AND GRADE 11...

You can choose the level of your compulsory courses.

You can choose elective courses that interest you.

You now earn credits towards graduation eligibility.

Your choices and grades will determine your access to post-secondary plans.

# GRADUATION REQUIREMENTS

- You will need to pass 8 compulsory credits.
- You will need to pass an additional 10 electives for a total of **at least 18 credits** (21 always is better).
- 5 credits (incl. English) must be Grade 12
- And, you need to be enrolled full time in grades 11-12.
- You must successfully complete the ELPA.

# COMPULSORY COURSES

- English 11 Literary Text
- English 11 Informational Text
- Math – you must have 2 math courses to graduate;  
OR • NRF 10 + (Foundations 11 OR Fin & Workplace 110)
  - Fin & Work 110 + NBCC Skilled Trades Math 1208
- Science 11 or 12
- History 11
- Fine Arts/Life Role
- English 12

***Compulsory courses are courses you have to take to graduate...***

# MATH PATHWAYS AND POST SECONDARY PLANS

## Graduation Pathways for Mathematics

Each pathway is designed to provide students with the mathematical competencies and critical thinking skills they will need after high school. Students should select courses in the pathway that best fits their interests and plans for after high school. Each pathway provides students with a different focus on math concepts and skills. Students may choose to take additional mathematics courses beyond the graduation requirements to better prepare them for what they want to do following high school.

**Important Notes:** Graduation requirements have recently changed for math. Students entering grade 12 in September are only required to complete 1 credit in math at the grade 11 level (Fin and Workplace 110 OR Foundations 110). However, students entering grade 11 in September need to complete 2 math credits. Please refer to the diagram below for the various options.

It is important to confirm entrance requirements for the specific program(s) in which you are interested.  
Requirements may vary between institutions and programs of study.

## ELECTIVE COURSES

# SELECTING COURSES- WHAT'S NEXT?

Research post-secondary requirements

Discuss with your parents

If you have a resource teacher, discuss with them

Fill out the Grade 11 Course Planning sheet

**Submit the planning sheet to your homeroom teacher by April 13, 2022**

Ask Questions so you know what you are doing and what is being asked of you.

# IMPORTANT TO REMEMBER...

It is important that you are prepared for the course selection process.

Ask questions and talk to teachers prior to choosing courses on the extended advisory mornings. There won't be time to do it all then.

Ensure you work on this with your parents, so they know what you are choosing and tell them to attend the parent info night on April 5.

Once submitted, these are the forms we use to decide which courses are offered.

## ***REMEMBER...***

- Talk to your parents!
- Talk to your teachers!
- Talk to your Guidance Counsellor!
