Mon. February 18 th	<ul style="list-style-type: none">• No School – Family Day

Weekly Update

February 11-15th 2019

Mme Leclerc Grade 2FI

NEW THIS WEEK: I will be sending home our in-class work packets from the previous week every Monday. In the packet, you will find a sample of the work that your child has completed (some themed activities, morning warm-ups, and finally a goal setting sheet for the week). You may notice that some work may not be complete, I encourage your child to finish it at home when possible for extra practice (not mandatory). I am hoping to send a packet home weekly to give you, the parent, a better picture of what we are working on in class. 😊

Valentine's day Picnic 😊

We will be having a mini-picnic at snack time, a "snack pot luck" to celebrate Valentine's day.

If you would like to send in a healthy snack for the class to share, it would be very much appreciated!

Hip Hip Hooray! We made it to the...

As part of our 100th Day of School celebration, each grade level will have a goal of collecting 100 items during the week of the 100th Day (Feb. 11th-15th).

Please send in at least one non-perishable food item that has been assigned to your grade level listed below **no later than Fri. Feb. 15th**. All donations will go **directly to our local Fredericton Community Kitchen** who generously donates to our daily **brown bagged lunch program**.

Your support will help make a difference in our community. Thank you! 😊

- Kindergarten** – Kraft Dinner
- Grade One** – cans of soup
- Grade Two** – cans/boxes of pasta or beans
- Grade Three** – cans of vegetables
- Grade Four** – cans of fruit
- Grade Five** – bottles or boxes of juice

OUR FOOD DRIVE ITEM IS:
CANS/BOXES of PASTA or BEANS 😊

In addition to this Community Service Project, some classes will be doing various learning activities that focus on the number 100. Be sure to ask your child what he/she does on the **100th Day of School!** 😊

"Together we can make a difference!"

Literacy

Vocabulary / Sentence structures (in class)	<u>States of matter!</u> We will finishing up the new material with the states of water and developing vocabulary around this theme. We will start learning about the scientific process and get a chance to experiment! ☺ We will be moving onto our final project at the beginning of this week!
Sound of the week (in class)	We are moving onto our grade 2 sounds! Starting with IEN (sounds like i-in) Some words with IEN are : <ul style="list-style-type: none">- Chien- Bien- Gardien- Combien- Canadien
Sight words (in class)	
Homework	Nos, vos, notre, votre, lui, toi

In class this week and at home:

Math

Numeracy

We continue to work with math centres **representing numbers to 100, base 10 and adding/subtracting!**

We will be working on:

- Concrete, pictorial and symbolic representations 😊
- Ordering numbers (ascending and descending)
- Comparing numbers
- Equal and Unequal parts!

In whole group lessons, we will be starting to focus our attention on **word problems** and French vocabulary to support students in solving these problems.

- We will be writing our own addition problems based on an equation.

Homework

Work on Odd and Even numbers to 100 (and beyond for a challenge).

- Give your child an unknown quantity of objects, have them count them and determine if that number is odd or even. 😊

We continue to work on filling our buckets. As such, we participated in a collective art project.

Each art piece is different but are all connected. There is a black line that carries through ALL the projects and connects them. Your child will be able to explain to you how we did this. 😊

Happy Valentine's Day!

- Mme Leclerc
