

# Homework memo for septembre 11-15th 2017

## Grade 1FI Mme Leclerc ☺

Bonjour, the following is important information for the upcoming week:

**Important dates :** Meet the Teacher Night is Wednesday, September 20th at 6pm. I look forward to meeting you and answering any questions you may have.

### Important Messages and Reminders:

- Milk Orders for Sept and Oct. are due this Tuesday, Sept, 12th. No late orders will be accepted.
- A friendly reminder that your child's Student Fee (\$40) is due no later than September 30th. Please send this amount in as soon as possible. It is important to note that our school has paid ahead of time for your child's supplies. We need to be reimbursed. Thank you so much for your understanding!

**Water bottles :** I encourage students to bring a water bottle into the classroom everyday. This will ensure that students stay in class and do not miss any lessons.

**Teacher page:** My teacher page is up and running. You will find information I sent out and weekly homework assignments posted here: <http://nms.nbed.nb.ca/teacher/mme-leclerc>

**Scholastic book orders:** I will soon be starting book orders. The scholastic flyers will be distributed on meet the teacher night and I will place an order shortly thereafter.  Please note that placing an order is optional.

Thank you for taking note of this week's information. Should you have any questions please send me a note via email ([natalie.leclerc@nbed.nb.ca](mailto:natalie.leclerc@nbed.nb.ca)).

## This week's homework:

This week in Grade 1 French Immersion we will continue reviewing our french alphabet and french numbers.

I would like students to practice naming their letters in french. I have posted a PowerPoint file (on my teacher page) where you can practice naming the letter and making the letter's sound. You can then listen to see if you got it right. 😊 This should only take about 5 minutes every night to do.

I have also posted a video that we listen to in class, this will help practice counting to 10 in french.

# This year's homework:

Because we understand just how precious family time is and to help meet the Provincial Reading Standards for Grade 1, we are strongly encouraging families to read together every night for approximately 15 minutes as “homework” this year! Even if you are unable to speak French, it is equally as valuable to read in English with your child. The skills learned in one language are transferable to the other. Throughout the year, I will suggest at-home practice and activities for sight words and math. Also at time I will ask you and your child to complete a simple activity and to bring it to school so that we can build upon it during our lessons in French.

Please take the time to sit down with your child and read nightly. Before, during and after reading stories, ask your child questions about what is happening or might happen at the beginning, middle and end. Ask them what they liked best or what their favorite part was and why. Practice finding words on the page that they know. Happy Reading!

Have a good week!

Mme Leclerc ☺
