

OHS Assessment/Recovery Week Information

Please see the following schedule for students in June. Our traditional Exam Week no longer exists and the expectation in ASD-W is to have an Assessment/Recovery Week the same as we ran in January and same format as last year in June. The expectation is that all students attend everyday all five periods. We have staggered the potential days for course offering a summative assessment or final project to ensure students will not have more than three assessments in one day. As indicated in the schedule below students last day will be **Thursday, June 16th**. The only time students will be required to attend after this date is by appointment only scheduled by the subject teacher for recovery work.

Report Cards will be picked on the last day **Friday, June 24th** in homerooms and busses will run that day. (8:45 – 9:30AM) We will not be mailing out report cards, so it is important that students come to pick these up on the scheduled day

Monday, June 13	Tuesday, June 14	Wednesday, June 15	Thursday, June 16	Friday, June 17 (Only scheduled recovery Students)
<u>Period 1 and 3 and 5 final Assessment</u> Extensions, preparation and/or make up of missing work all other periods Student attendance in all 5 periods is expected.
