**Comments**

Kylla is making progress on Grade 6 learning goals. She works alone very well and is able to communicate her message in writing, but she finds it hard to explain her ideas when speaking. In partner and group situations, she says very little. Ask her about her two personal goals to improve her speaking skills and we will discuss ideas to help her at the parent/teacher conference.

We look forward to meeting with you to discuss your child's progress at the parent/teacher conference days on November 15 or at another agreed upon time.

Please Note: Music, PDCP, and MSTE will appear on the March Progress Report.
