

Snow, Snow, Snow, Snow, Snow!

Feel the winter cold.

Feel the bitter chill.

Take a look outside,
Snow is on the window sill!

Snow, snow, snow, snow!

Snow, snow, snow, snow!

Snow, snow, snow, How does anybody know
Just how much this pile of snow is gonna grow?

Ice, ice, ice, ice!

Ice, ice, ice, ice!

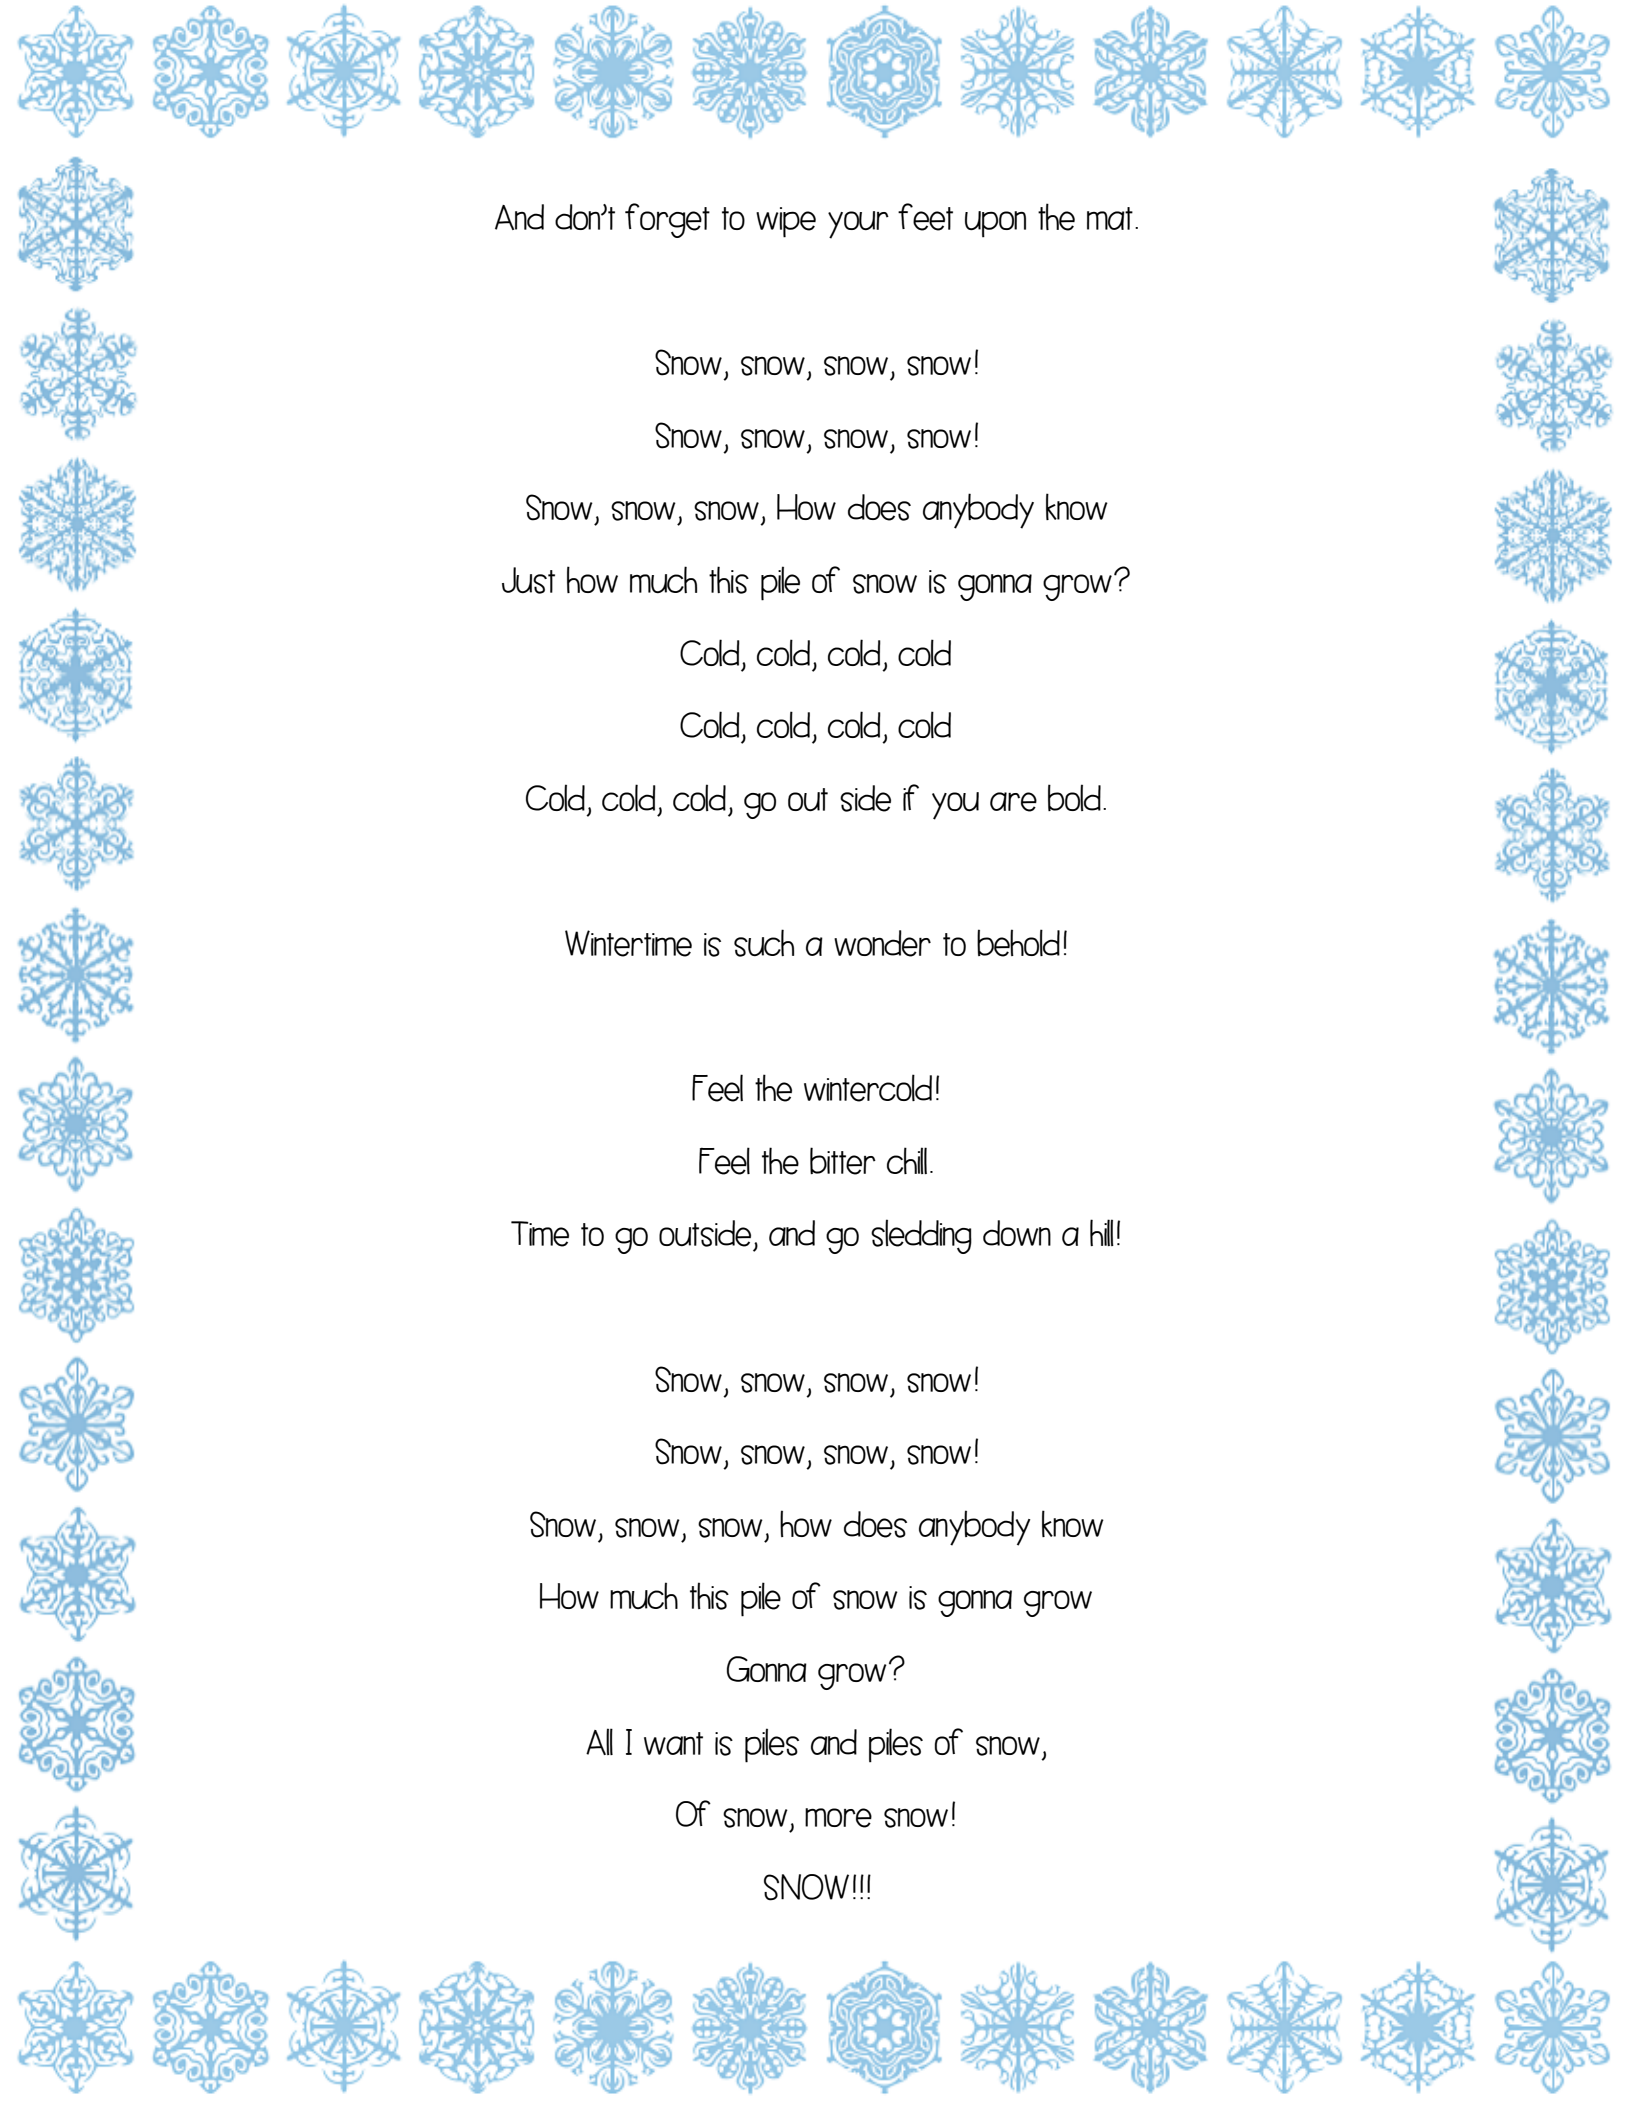

Ice, ice, ice, stay inside is my advice.
Some might say the ice makes everything look nice!

Put on your gloves.

Put on your coat,
A scarf to cover up your throat.

Put on your boots,

Put on your hat

And don't forget to wipe your feet upon the mat.

Snow, snow, snow, snow!

Snow, snow, snow, snow!

Snow, snow, snow, How does anybody know
Just how much this pile of snow is gonna grow?

Cold, cold, cold, cold

Cold, cold, cold, cold

Cold, cold, cold, go outside if you are bold.

Wintertime is such a wonder to behold!

Feel the wintercold!

Feel the bitter chill.

Time to go outside, and go sledding down a hill!

Snow, snow, snow, snow!

Snow, snow, snow, snow!

Snow, snow, snow, how does anybody know
How much this pile of snow is gonna grow

Gonna grow?

All I want is piles and piles of snow,

Of snow, more snow!

SNOW!!!
