

ANGLOPHONE WEST SCHOOL DISTRICT

OFFICE OF THE SUPERINTENDENT

1135 Prospect Street • Fredericton, New Brunswick E3B 3B9 • www.asd-w.nbed.nb.ca

September 2017

Dear Parent/Guardian:

Anglophone West School District has a protocol outlining our commitment to creating and maintaining an environment in schools where students, staff, and others feel safe. In order to enhance safety and security, the District has been involved in intensive threat assessment training of school administrators, education services support teachers and district staff. Further to this, partners such as police, officials from Social Development and officials from Mental Health have also had an opportunity to be trained in this multi-disciplinary approach.

The protocol requires trained school staff, as a team, to complete a “Violence Threat Risk Assessment” (VTRA) in all cases where students make significant threats to harm themselves or others. The purpose of the threat assessment process is to use the best knowledge, skill, and experience available to assess level of concern so that appropriate interventions can be identified to protect individuals from harm and to ensure a climate of safety in schools and the community. As noted above, a multi-disciplinary approach is used. Please be assured that the school team will be taking measures to deal with all known threats/high-risk behaviours in a positive and proactive manner. If the school team invites you to a meeting to discuss safety concerns about your own child, please be assured that our protocol is being followed and that the goal is safety.

Anglophone West School District will respond to all serious threats. If there is a need, a school may initiate a state of “lock down” or “hold and secure” within the facility. A principal has the authority to declare either condition and will often do so through collaboration with district office officials and/or emergency responders. Please note...a “hold and secure” allows those who are in the building to continue with their normal routines, but calls for increased monitoring of entrances and for nobody to enter or leave the building. A “lock down” requires all who are within the building to immediately stop what they are doing and assume a quiet, hiding position within their current space. Staff and students practice this as a drill each year. In either case, it is important for parents/guardians to know that they will not be able to retrieve their child(ren) until the “all clear” is given. The school and district will do their best to provide communication throughout the situation, although the priority will always be to ensure the safety of individuals first.

To help keep our school communities safe, there is an expectation that parents, students, and community members who have knowledge of a threat or high-risk behaviour will report this information to the principal. It would be helpful if you would discuss this protocol with your child(ren). Our goal is to respond to all threats in a professional manner that provides for a safe, healthy and caring learning environment.

We appreciate your support in helping ensure our schools are safe environments for all children and staff.

Sincerely,

Catherine Blaney
Interim Superintendent
