Thank you for your support!!

Dear Parents and Guardians of Royal Road Elementary School students,

Last school year 10 laptops were purchased with the funds from the fundraising activities put on by the Home and School Association for in-class use by students. This school year, the Administration has indicated the school would like to purchase additional laptops to allow for all students in class to have a laptop to use. To do so, the Home and School Association is planning on various fundraisers throughout the school year. We are very pleased with the chosen fundraisers and hope all who can, will participate.

The first fundraiser is a partnership with a local company, **Rustik Soap Co.** The fundraiser will be for the option of 4 different hand and body bars of soap. Please find the attached information sheet and order form.

We will also be partnering again with local company, **Scott's Nursery** for a winter fundraiser. Please stay tuned for more information on that soon.

Lastly, we will be bringing back the popular **Java Moose** fundraiser in late Winter/early Spring.

Thank you once again for your continued support.

The Royal Road Home & School Association
