Dear Parents and Guardians:

**Re: RETURN TO SCHOOL PLAN FOR GEORGE STREET MIDDLE SCHOOL**

George Street Middle School (GSMS) will be open Monday, May 3<sup>rd</sup>, at the regularly scheduled time based on the results of our follow-up testing and Public Health risk assessment. This means all students and staff can return to school and their family members can return to work with **the exception of those who have been directly contacted and told to self-isolate for 14 days by Public Health as a close contact.**

Custodial services have been through the school disinfecting high touch areas. Everyone who has not been identified as a close contact should feel confident to return to normal activities. This also includes students and family members who are not close contacts as well as those who were not able to be tested a first or second time. Sufficient testing was performed overall to inform the risk assessment and all tests were negative.

A big thank you for your cooperation. We would not have been able to make it through this in such a short time without so many willing to come forward and be tested. You have all demonstrated great GSMS spirit; the purple and gold, you are fast, brave and bold!

Sincerely,

---

Dr. Jennifer Russell, BA, BSc, MD, CCFP  
Chief Medical Officer of Health
