

The Andrew & Laura McCain Art Gallery Summer/Fall Opportunities

Summer Art Camp Program

The Andrew & Laura McCain Art Gallery is pleased to announce their Summer Art Camp program. This year, our camps will be led by Art Educator, Grace Nickerson. Grace has a BEd with training from the University of New Brunswick, New Brunswick College of Craft and Design, and Nova Scotia College of Art & Design. We also will have two camps taught by visiting artist, Renata Britez, and a special carving camp for students age 11-15, led by local artist James Buxton. Attached you will find details, dates, and prices for each of our camps. We would very much appreciate it if you would promote these enrichment opportunities in your school newsletter. Please reach out to me by email if you have questions, or you can call the gallery directly at 392-6769 and speak with Andrea or Jennifer.

Student Support Available

The Western Valley Recreation Association, through the P.R.O. Kids program, has offered to support students with financial need so they can attend one of the ALMAG's Summer Art Camps. We are asking the principals of each of the Carleton North feeder schools to recommend students who would benefit from this opportunity. The student must have their own transportation to and from the Art Camp and must be able to commit to attending. Tuition and all materials will be paid. Florenceville Elementary, Florenceville Middle School, and Bristol Elementary, may submit one name. Centreville Community School and Bath Community School may submit one name each for elementary and middle school. Please have all names submitted by June 18th. Note that each camp has limited space. Early submission will allow students more choice. Call the gallery at 392-6769 to register your chosen student.

Art in the Classroom – Fall 2021

The gallery is working on an exciting program that will bring original art work into teachers' classrooms. This program will feature the work of local artists, including Colin Smith and Stephen Hutchings. Original artwork will be available for loan to classrooms on a two week rotation, free of charge. Participating teachers will also receive a resource document with a broad range of suggestions for teaching and learning that hit all three art outcome strands of Create, Connect, and Communicate, and also feature cross-curricular activities for Social Studies, You & Your World, Science, Math, and Literacy. You will be receiving more information about this program in the fall, but we invite any teachers who want to reserve a spot in advance to contact the gallery.

One of six panels from Colin Smith's *One Kilometer of Florenceville*, 2020.

Stephen Hutchings at work on his giant print. These prints were created using a steam roller as a press. Prints from this series can be seen on display at On the Boardwalk Café.
