NATURE NB IS COMING!

Nature NB will be visiting all of our classes on either October 13th or 18th.

They have a fun and informative lesson ready for each class about plants, trees and/or owls. We're looking forward to it!

Our outdoor learning space has new additions again!
Huge thanks to Mrs. Oakes and her students for all they do to make it a special space.

What can you expect to hear more about this year?

Positive Behaviour Interventions & Supports PBIS

PBIS is a proactive, evidence-based approach for establishing a positive, safe, and inclusive whole-school culture. It involves systematic and individualized behaviour support strategies for achieving social and learning outcomes while preventing problem behaviour for all students. BCS is an incubator school this year, and we can't wait to learn and grow with our students!

PLAY

BCS is one of 40 schools chosen from across Canada to participate in a project with the University of Ottawa. We're incorporating structured PLAY into our learning and we have already started making big plans with students! Ask your Grade 4-8 students about what we're up to!
