REDUCE REUSE RECYCLE

(TO the tune of "Eensy weensy Spiders")

Reduce Reuse Recycle

These are words we know
we have to save our planet
so we can live and grow
we might be only children
we have to try, you'll see
we will save our planet
It starts with you and me!

Music

Try this cool idea from our colleagues in ASD-N!

Wind can make music too! Try filling up 3 identical narrow-necked bottles with water at varying levels ($\frac{1}{4}$, $\frac{1}{2}$, and $\frac{3}{4}$). Touch your lower lip to the edge of the bottle and gently blow over the opening. How do the notes differ? Try with other water levels or bottles. Invent a beautiful tune!
