

I am Staying Home Because of Coronavirus

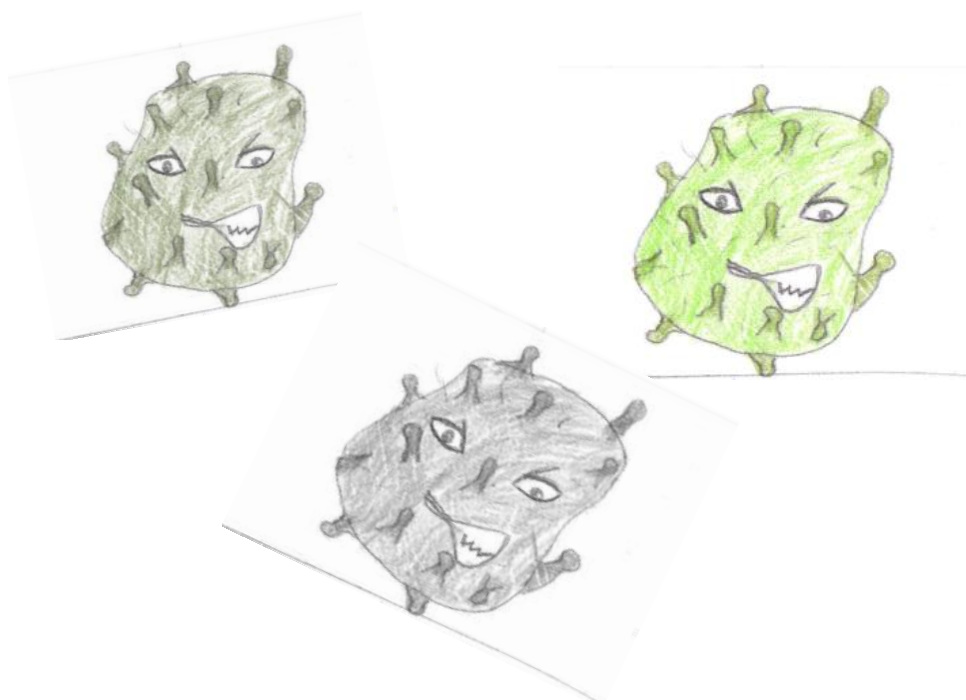

Written and illustrated by Gillian Breault

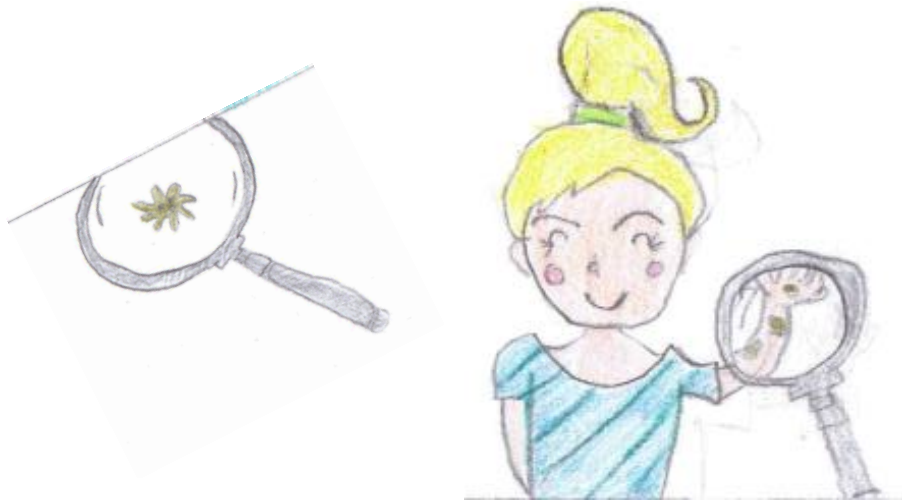

Sometimes people get sick.

People get sick because of germs.

Germs are too small to see but they stick to things and people.

Coronavirus is a new germ that makes people sick.

If the coronavirus germ sticks to me, I can get sick.

I need to wash my hands to stay healthy.

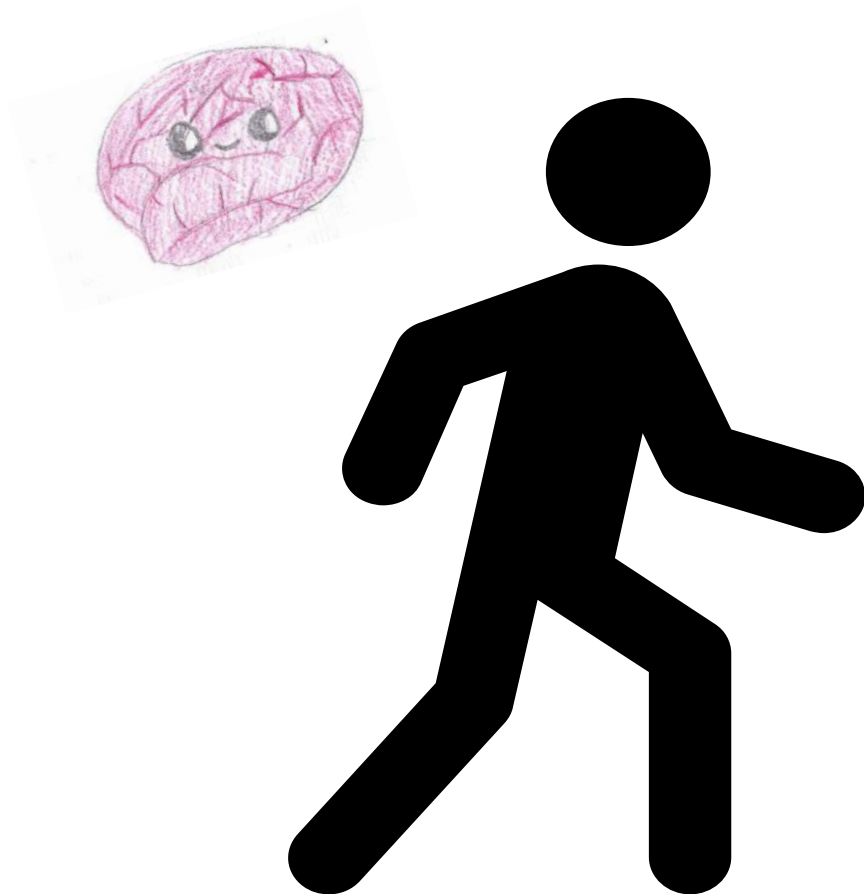

School is closed because so many people could get sick.

I am safe and healthy at home.

I will do things at home to help keep my brain and body working.

My family and teachers are happy that I am safe at home.
