

Hello ASD-W Families,

I wish to advise you that the last day of school for students...as we currently practice through the Continuity of Learning Plan and at a distance from home...will be **Friday, June 12**. Learning options and courses should be completed by this date. The official date assigned to a graduating student to be considered "a graduate" is **Friday, June 19**.

At this time, I can confirm a K-8 report card will be prepared for K-8 students. More information regarding high school report cards will follow.

We recognize the importance of celebrating the achievements of our more than 1800 graduating students from ASD-W. More details will follow regarding plans for graduation.

All the best and have a great week.

David McTimoney, Superintendent
