This retreat is a coming together of parents across the province who have children with a disability soon entering school up to children attending grade 12.

We invite you to come and spend time with us to network with other parents and share stories, adventures and successes as well as ideas and solutions.

During the retreat, you will get to hear a keynote speech by Vianne Timmons.

We will also be talking about transition, bullying, social inclusion and more, as well as going through the NBACL Inclusive Education Guide:

*Achieving Inclusion: A Collection of Resources for Families on Inclusive Education*

We promise the weekend will be filled with good friends, good stories, good food and lots of laughter!

Looking forward to seeing you there!

**The retreat is at no cost to parents, all you need to do is register, show up and we'll look after the rest.**

**\* Meals and Overnight Accommodations \*  
Provided Onsite on November 15th**
