

Nature Paint Brushes/Wands

- Sticks
- Leaves, flowers, glass, other plants
- Rubber bands or ribbon or tape

Attach your plant parts to the stick using a rubber band, ribbon or tape. Then have fun trying out the different brushes to see what types of markings they make with paint. You can also use them as wands for pretend play—maybe you are going to play a flower fairy!

Binoculars and Adventure Map

- Large piece of paper
- Crayons, markers, stickers
- 2 cardboard tubes
- String/yarn/ribbon
- Hot glue or tape

Draw a map—your map could be of your yard, a local park or your house. It could also be modeled after a story such as “Going on a Bear Hunt” (as in the picture shown above).

Binoculars: hot glue the tubes together or wrap masking tape/decorative tape around to secure them. Then have your child decorate with crayons/markers and stickers. Attach a ribbon/string to one end on both tubes. Have fun going on an adventure!

A-Hunting We Will Go

*A-Hunting we will go, a-hunting we will go .
Heigh-ho the dairy-oh a hunting we will go.
A-Hunting we will go, a-hunting we will go .
We'll catch a fox , and put him in a box
A-hunting we will go.*

*Continue: catch a whale and put him up for sale,
catch a pig and do a jog, catch a fish and put him in a
dish, catch a bear and cut his hair, etc.*

Ring Around the Rosie

*(start by holding hands and walk in a circle)
Ring around the rosie, a pocket full of posies.
Ashes, ashes, we all fall down! (sit on the ground)
The cows are in the meadow, eating buttercups.
(pretend to pick grass and eat it)
Thunder and lightning
(thump the ground with hands—like a drum roll)
We all stand up!*
