

Heart Stamps

- Cardboard rolls (paper towel or toilet paper)
- Rubber bands
- Acrylic craft paint or washable paint (in the colours of your choice)
- Canvas (cardstock, construction paper or dollar store canvas)

Fold your tube to make a heart shape and hold in place with rubber bands. Place a few puddles of paint on a plate. Let your child have fun creating a collage of hearts with their stamp! (happyhooligans.ca)

Valentine's Jell-o Playdough

- 1 cup all purpose flour
- 2 tsp. oil
- 2 tsp. salt
- 1 cup of warm water
- 2 tsp. cream of tartar
- 2 Tablespoon red glitter
- 1 package of red Jell-o powder
- Cookie cutters (heart shape)

Mix all of the ingredients in a small saucepan. Cook over medium heat, stirring continuously until it thickens into a ball of dough (should take about 5 minutes) - you'll know it's ready when you can no longer stir it. Once it has finished cooking, place the dough onto a floured cutting board and wait for it to cool (at least 20-30 minutes). Once it is cool, knead the dough, adding flour until it is no longer sticky (about 1/2 cup).

Make a Heart

Make a heart up in the sky. (point to the sky)
Make it tall. (reach high)
Make it wide. (stretch arms out to sides)
Make a heart close to the ground.
(reach down to floor for the tip of the heart)
Make it small; (use fingers to make a heart)
Then sit down. (all sit on the floor)

Won't You Be My Valentine

(Tune: Do You Know the Muffin Man?)

Oh, won't you be my valentine
My sweet little, pretty little valentine,
Oh, won't you be my valentine,
My sweet little, pretty little friend?
