Ms. Crysta Collicott
Principal

Mrs. Tina Noble
Vice-Principal

HHS Spectator Operational Plan - updated February 1/2022

To be considered for entry to an indoor spectator athletic event at Harvey High School, the established safety protocols must be followed:

1. **Proof of double vaccination** must be shown prior to entry to the gymnasium.
2. **Government issued identification** must be shown prior to entry to the gymnasium.
3. Hands must be sanitized **upon entry and re-entry** to the gymnasium.
4. Masks must be **worn properly** (covering the nose). An exception would be when eating or taking a drink. Food to be consumed in a reasonable and responsible time.
5. Given the limited space to accommodate the required social distancing, **two spectators per player** will be permitted. Socially distanced areas are marked by orange tape on the bleachers. These two spectators are to sit at each marked location.
6. Immediately following the completion of the event, spectators must leave the building and go to their vehicles. Group gatherings outside the school are prohibited.
7. Sanitizing the event seating areas and equipment will be conducted in a responsible manner.
8. Pets are not permitted.

HHS reserves the right to ask a spectator to leave the property when the above safety protocols are not respected.

It is important to be mindful that volunteers, staff included, operationalize, and supervise athletic events.
