

HARVEY HIGH SCHOOL SOCCER OPERATIONAL PLAN

EECD, NBIAA and ASD-W identify guidelines for hosting outdoor athletic events. For those attending soccer games scheduled at Harvey High School, protocols have been established:

- a) Spectators will be limited to family members of players.
- b) Spectators will provide proof of double vaccination accompanied by government identification.
- c) Spectators will provide contact tracing information.
- d) Spectators will sanitize upon entry.
- e) Spectators will wear masks properly while on school property.
- f) Spectators will socially distance by six feet from other family groups.
- g) Spectators are encouraged to bring their own seating, if possible due to the limited amount of seating bleachers provide given social distancing requirements.
- h) Spectators will have limited access the washroom facilities.

HHS reserves the right to ask a spectator to leave the property if the above safety protocols are not respected.

It is important to be mindful that ***volunteers***, staff included, operationalize and supervise athletic events.
