Mr. Jeremy Maclver
Principal

Tina Noble
Vice-Principal

Hello Friends and Family of Harvey High!

It has been an exciting month here at Harvey High! Our morning meal program has been a tremendous success. Each day we provide fruit, toast/bagels, cereal with milk, granola bars, yogurt, etc., universally to all students. We have 60-70 students partaking daily. The morning meal has been supported in a self-serve manner, with high school and middle school student volunteers. Further, we have one family member who comes in each Thursday to assist with the set-up and clean-up. If any family/community member wants to volunteer on a regular basis, one day a week, or even whenever they can (9:00-10:00), please contact the school at 366-2200.

Spirit Week has been planned for the week leading up to Halloween by our Laker Leaders Committee. This committee consists of students who drive culture and student spirit for the entire school. This year we have door decorating, pumpkin painting and more!

Our school sports are wrapping up for the fall season. We had a great turnout for cross-country at the middle school level and two dedicated runners at the high school level. All soccer teams represented our school in the best possible way. We are transitioning to basketball season with more info to follow.

Safe Schools Week is October 17-21. We will be having a fire drill, evacuation, bus safety, and more, during this week. This is also a great week to review your home's safety/evacuation plan in case of a fire or emergency.

Harvey High now has a Facebook page where school events and updates are featured. Follow our page to stay informed. We also have Instagram, where photos and information are updated regularly. Please follow to stay current.
