Scholarships

A listing of February and March scholarships can be found on the bulletin board in the Guidance Area or on the HCS website. Grade 12 students are strongly encouraged to pick up a copy as soon as possible and to visit the bulletin board regularly for other post-secondary information.

Summer Employment

The Student Employment Experience Development (SEED) program provides funding to create summer job opportunities for post-secondary students. The program provides selected students with a summer job of up to ten weeks in duration with a New Brunswick employer between May 1st and September 8th, 2017. Students who will be attending a post-secondary institution in the Fall are eligible to apply. The application form is available at www.NBSeed.ca effective February 3, 2017. Students are encouraged to apply early.

Become an ELF Reading Mentor at Hartland Community School

This program matches a Grade Two student with a volunteer reading mentor for reading together, one-on-one, at the end of their instructional day. Volunteers attend a training session and are provided with materials and fun reading activities to do with the student. The time commitment with a student is from 2:00-2:35 once or twice a week, for ten weeks. We have many children who would benefit from the extra reading time. Learn more and register for training at www.elfnb.com or call 1-855-898-2533.

If you'd like to hear firsthand how ELF works at HCS, please speak with Janell Pelkey or Melissa Walton. We look forward to hearing from you!

Growth Mindset: More Ideas for Creating a Growth Mindset at Home

Flexibility and Optimism

- Model flexibility. Communicate that change is an important part of living life. Model this by having a flexible mentality when things don't go as planned. Don't let frustrating situations get the best of you – make your children aware of your ability to adapt to a change in plans. Praise your children for their flexibility and adaptability when plans change or success is not met.
- Model optimism: Adopt a "glass half full" mentality in your home. A person with "hope" believes there can be a positive side to most situations.
- Play a game with your children. For every time something happens that is perceived as "bad", try to find the good in every situation. This game can get a little silly but it gets a message of positivity across. For example, when a glass is accidentally broken, a possible response might be, "Now we have more room on our shelf!"Mindsets in the Classroom, Mary Cay Ricci
