Let’s Talk…… *Turning Inside Outside: Addressing Anxiety and Related Disorders in Children and Teens*

You’re Invited to a talk by Dr. Daniel Chorney *Turning Inside Outside: Addressing Anxiety and Related Disorders in Children and Teens* for parents/caregivers and school-based professionals looking to learn more about how anxiety, depression, substance use, and sleep issues affect children and teens. Open floor discussion to follow his talk.

Dr. Chorney is a clinical child psychologist based in Halifax Nova Scotia. Prior to starting a private practice, Dr. Chorney worked at the IWK as a Staff Psychologist within the Community Mental Health program and served as the Team Leader for the Anxiety Program (Treatment of Anxiety Group). He regularly presents on the topics of anxiety, depression, stress management, and school refusal behaviors. For more information about Dr. Chorney please see his website.
