Please Note: When you are shopping for indoor/gym sneakers, please remember that students are running, kicking, stopping quickly, dancing, doing aerobics, gymnastics, etc. Sneakers do not need to be expensive or the most popular style, they need to be practical and good for the safety of your child and other children in the gym.

Your child needs to be able to tie their sneakers securely, so they do not miss out on exercise time or injure someone with a flying sneaker. Also, please make sure the laces are not too long. Skateboard sneakers are not safe for gym. Thank you for helping keep gym class fun and safe.
