### Occupational Groups with Highest Number of Online Job Ads in Central New Brunswick

Hiring Demand Bulletins are reports prepared by the Department of Post-Secondary Education, Training and Labour (PETL) based on the online job ads that appear on NBjobs.ca, which represent an aggregation of job postings from hundreds of job boards from across the internet. Each online job ad is assigned values for a number of different variables including location, occupation, employer, and skills requested (assignments are done by Gartner TalentNeuron Solution). Errors such as ads being assigned incorrect occupational codes and ads being doubled counted may occur. All data included in this report should be interpreted and used with caution.
