## Weekly Newsletter #3

### Science

In Science, wait for it.....3, 2, 1

Your task is to build two paper rockets using the **same design** and the **same materials**.

The **same person** should fly the rocket into the air using the **same amount of force**.

**This experiment should be conducted in the house.**

The only factor that will **CHANGE** between the two rockets is the **length of the nose cone**.

- A) Follow the directions at the website below or the attached document to conduct your science experiment.
- B) Make a prediction for your experiment.
- C) Record the data.
- D) Answer the 3 questions in the Data Table and send the answers and results to your science teacher.

<https://www.jpl.nasa.gov/edu/learn/project/make-a-straw-rocket/>

\* If you do not have straws, roll a piece of paper into a thin tube and tape the edges down to create one.

# 1

## READ

30 minutes a day in French or English. Alternate daily.

# 2

## STAY ACTIVE

Help clean up your yard or garden.

# 3

## CONNECT

Send someone a letter old-school style. In the mail!

## Sciences Humaines/FILA

Bonjour les élèves de 8<sup>e</sup> année!

This week, log in to your account on Infos-jeunes.com using your username and password sent to your email address. Find and read the article « **Un pic de prix pour le sommet d'une montagne** » under **Art** in the **Archives**. You can also listen to the audio if you wish. *Lawren Harris was part of the Group of 7 (Canadian artists) whose mission was to express Canada's rugged wilderness with a distinctively "Canadian" style - a style that would break from European tradition.*

Once you have used your strategies to comprehend the information shared in the text, we would like you to answer the following question:

**1. Imagine que tu viens tout juste d'acheter la toile *Mountain Forms*. Qu'en ferais-tu? La garderais-tu chez toi? En ferais-tu don à un grand musée ou à un musée des beaux-arts? En ferais-tu autre chose? Explique pourquoi.**

Assure-toi de répondre avec des phrases complètes en forme de paragraphe. N'oublie-pas d'utiliser tes ressources et POMMES pour réviser ton écriture.

Please send your answer to Mlle Morin and Mlle Keenan.

Bonne lecture!

## LANGUAGE ARTS

Hello 8 Allen! I hope all of you have been enjoying Squint so far, this week we are going to work through Chapters 7 to 10. I have enjoyed reading your responses to the questions; though a lot of your answers are similar, occasionally someone makes a different point that others hadn't thought about. Well done! I also really enjoyed your Daily Sunshine lists this week. It was nice to see that for many of you, the things that bring you joy are things that you can do at home even while social distancing. This week you have a new Daily Sunshine challenge - a top ten list. Be sure to check your email or on Teams to read about it. I hope you get out to enjoy the warmer weather this weekend - take care! :)

## Math

Please complete for Friday, May 1.

- A. **IXL - Open Grade 7 Math Skills this week** Try at least 12 questions  
**Mixed #, Improper Fractions, +/- Fractions F.9, G.1, G.2, G.5, G.6** for each outcome
- B. **Fact Monster-** <https://www.factmonster.com/math/flashcards>
- C. **Making a Difference [attachment]** Email your teacher with a photo of your work.
- D. **Factors and Multiples Game [attachment]**
- E. **Answer the following questions and email them to your teacher by Friday.**

1. What did you work on?
2. What did you enjoy working on?
3. What were some of the challenges you encountered?
4. Did you find the math game enjoyable?
5. Do you have any questions that you would like to ask?

[peggy.allen@nbed.nb.ca](mailto:peggy.allen@nbed.nb.ca) Réponds en français, svp.

How many students have been using IXL at Nackawic Middle?

Number of students using IXL Math: 98

Number of hours students have spent on IXL: 350

Number of questions students answered on IXL: 42 553

\* See Nackawic Middle School's Music Festival results on the next page!
