

Name _____

Things that light up the night sky like a firefly:

1. _____

2. _____

3. _____

4. _____

5. _____

6. _____

7. _____

8. _____

9. _____

10. _____

Fireflies and Glow Sticks

Does temperature make a difference on the brightness???

Take two glow sticks. Break each one to make them glow.

Put one glow stick in a glass of ice water. Put the other in a glass of warm water.

Describe your observations.

Why do you think this happened?

Do you think fireflies glow brighter in cold or hot weather?
