

Welcome to Summerhill Street Elementary School. On behalf of staff and students, it is my pleasure to welcome you to our website. Our school, located in the town of Oromocto, New Brunswick, offers many programs and services to students from Grades 3 to 5. We have approximately three hundred students. Our students come from the town and surrounding rural communities, and most are bussed to school. We have an extremely hard working staff who are dedicated in making the “school experience” an enjoyable one for students. Also, our parents and guardians are a constant source of support and are always welcome at our school. Their efforts through assisting and volunteering are very much appreciated. Now, take your time, browse through our website and learn more about the day to day activities that take place at our school.

Sincerely,

Kelly Parks

Principal
