

May 10, 2011

Dear Parents/Guardians of Students at Burton Elementary School:

As stated in my April 4<sup>th</sup> letter to you, the School District 17 Education Council voted in favour of engaging a sustainability study of Burton Elementary School, under the process of Provincial Policy 409 – Multi-year Infrastructure Planning. The sustainability study of a school follows a process that includes three public meetings.

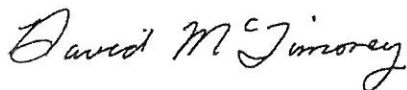

Parents and members of the community are invited to attend the first public meeting in the consultation process on the sustainability of Burton Elementary School.

**Date:** Tuesday, May 17, 2011  
**Time:** 6:30 p.m.  
**Location:** Burton Lions Club  
328 Route 102, Burton

At this meeting, district staff will describe the process and outline facts about Burton Elementary, as guided by Policy 409. A second public meeting will be held in October where parents and other stakeholders may present ideas on the sustainability of the school. Other opportunities to provide feedback will also be provided.

We hope you will join us.

Sincerely,

David McTimoney  
Superintendent  
School District 17
