Dear Parents/Guardians of Students at Stanley Elementary and High Schools,

As stated in my October 29th, 2014 letter to you, the Anglophone West School District Education Council (ASD-W DEC) voted in favour of engaging a sustainability study of the Stanley School Complex, under the process of Provincial Policy 409: Multi-year Infrastructure Planning. The sustainability study of a school follows a process that includes three public meetings.

Parents and members of the community are invited to attend the third public meeting in the consultation process on the sustainability of the Stanley School Complex. This meeting is a regularly scheduled District Education Council (DEC) Meeting and will be held at **Nashwaaskis Middle School in Fredericton**. **It will also be streamed, electronically and simultaneously, to the schools in Stanley.**

Date:	Thursday, March 19, 2015	
Time:	6:30 PM	
Location:	Nashwaaksis Middle School <i>or</i>	Stanley School Complex
	324 Fulton Avenue	28 Bridge Street
	Fredericton, NB	Stanley, NB

At this meeting, the DEC will conduct the regular monthly affairs, which will include a discussion and a subsequent vote on the sustainability of the Stanley School Complex. A final report of the study is being prepared and will include the items that have been posted to the sustainability website and more. Directors and other district staff will attend the meeting at Stanley and I will be at the live DEC meeting in Fredericton.

We hope you will join us. I will write to you in the days that follow the meeting to share the conclusion.

Sincerely,

David McTimoney
Superintendent
Anglophone West School District
