- Hubbard Avenue Elementary School
- Summerhill Street Elementary School
- Harold Peterson Middle School
- Ridgeview Middle School

From: David McTimoney

Superintendent, Anglophone West School District (ASD-W)

Copy: District Education Council, Anglophone West School District

Dear Parents/Guardians,

On May 31, 2019, Acting Superintendent Catherine Blaney wrote to the parents of the day at the above noted schools with the announcement that there would be a sustainability study at each of your schools in the 2019-2020 school year. Sustainability studies follow a process as outlined in Provincial Policy 409: Multi-Year School Infrastructure Planning. The District Education Council (DEC) is responsible for launching the study through an approved motion at a public DEC meeting. This occurred on May 23, 2019.

At the Public DEC Meeting held on September 19, 2019, the Council passed a motion that cancelled the planned sustainability studies for this school year in the Oromocto/Burton area. While recognizing that long term planning for the sustainability of schools is important in all communities, the DEC felt that, at this time, attention needed to be focused on another area of the district.

Should you have any questions about this topic, please do not hesitate to reach out to my office at 444-4034 or by email to david.mctimoney@nbed.nb.ca.

Sincerely,

David McTimoney
Superintendent
