➤ **Sustainability Study – Florenceville Elementary School – Meeting #1**

- Kimberley Douglass, District Education Chairperson, welcomed everyone to the first Sustainability Study meeting for Florenceville Elementary School. Kimberley thanked the Principal of Florenceville Elementary School for her hospitality and school tour prior to the meeting.
- The District Education Council (DEC) introduced themselves and provided the area in which they serve as a Councilor.
- David McTimoney, Superintendent of ASD-W, presented a power point presentation called Florenceville Elementary School Sustainability Study. This presentation along with other documents supporting this study can be found on our website, following the sustainability study links. <http://web1.nbed.nb.ca/sites/ASD-W/sustainability/Pages/Fhes.aspx>
- The next public meeting, for this sustainability study, will be held at the Florenceville Elementary School on **Saturday, January 18, 2020 at 1:00 p.m.** At that time, stakeholders will be given an opportunity to present to the District Education Council. A stakeholder registration form is posted on the Anglophone West School District website under the Florenceville Elementary School Sustainability Study tab. This document needs to be completed and sent to Carol Clark-Caterini one week prior to January 18th in order to organize the meeting. The final meeting for the sustainability study of all four applicable schools will be held on **Thursday, March 19, 2020** at Carleton North High School.
- There are three possible outcomes for a sustainability study included in Policy 409; to remain status quo (where the study is declared finished), to make a recommendation to the Minister of Education and Early Childhood Development to invest in repairs for the school, and thirdly, a recommendation to build a new school and close Florenceville Elementary School.

➤ **Public Comments and Questions**

- Increase school size if status quo
- “Love small feel school”

➤ **Closing Comments:**

- The Superintendent reminded the community to be prepared for the next public meeting on January 18, 2020, by completing the stakeholder registration form available at the entrance of the school or on the ASD-W Florenceville Elementary School Sustainability Study website. Once completed, this document needs to be submitted to carol.clark-caterini@nbed.nb.ca one week in advance of the meeting with details of who will be presenting to the District Education Council.
- The Superintendent’s power point presentation will be posted to the Florenceville Elementary School Sustainability Study website along with other pertinent documents for review. An e-mail address, asdwsustainability@nbed.nb.ca was provided for communication with the district along with the mailing address and contact phone number.
- David McTimoney thanked everyone for attending the meeting and for their questions and comments.

➤ **Date for Next Meeting: Saturday, January 18, 2020, at 1:00 p.m. – Florenceville Elementary School - Meeting # 2**

➤ **The meeting was adjourned at 2:08 p.m.**
