On May 24, 2018, the Anglophone West School District Education Council (ASD-W DEC) held its monthly public meeting at the Woodstock Education Centre in Woodstock. Among the items on the agenda and in accordance with our DEC Planning Cycle, a presentation was made regarding the 2019-2020 Multi-Year Infrastructure Plan and Capital Improvements Projects. Identified in this presentation, was a list of Major Capital priorities, future mid-life studies, future feasibility studies and future sustainability studies for consideration.

As a result of the presentation and a motion to approve a major capital requests for 2 new elementary schools and the closing of 4 schools, in the city of Fredericton, the DEC voted to begin sustainability studies on McAdam Avenue School (trigger school) and Nashwaaksis Memorial School. As well as, Liverpool Street School and Forest Hill Elementary School.

In accordance with Policy 409, Section 6.4.2, this letter will serve as written notice to you, as Minister, the DEC's intent to conduct these sustainability studies in the timeline of September 2018 to January 2019.

On behalf of the District Education Council, I wish to assure you that we will follow the process outlined in Policy 409, pertaining to sustainability studies. In doing so, we will ensure quality public consultation and transparent sharing of information.

We plan on writing to you, again, in January 2019, with the results of our study.
