McAdam PSSC's
Harvey PSSC's

In June 2006 in the planning process for pupil transportation the Principals from the communities of McAdam and Harvey were advised that the contracted conveyance serving Christie Ridge would not be renewed and that transportation for these students would not continue beginning the 2007-08 school year. Parents were notified in the fall of 2006.

On April 11, 2007 district staff had the opportunity to meet with McAdam Elementary and High School PSSC's, administrators and a number of parents and a strong appeal was made to continue transportation from Christie Ridge and Harvey to schools in McAdam.

The area of Route 4 Highway from the junction of Route 3, including Christie Ridge, has historically been considered a "grey zone", however, due to student population and changing transportation requirements, a review of the school zone was initiated. The school zone descriptions for McAdam and Harvey have been clarified (see attached) and this area is now officially zoned for Harvey School zone. However students living in this area or other areas in Harvey who wish to attend either school in McAdam will be required to apply for an official alternate placement and transportation will be provided under certain conditions. These conditions are students living in Harvey will be picked up and dropped off at a "common bus stop" – W & R Gillespie Ltd. at Thomaston Corner and parents are responsible to get their child to and from the common bus stop. Students residing along Christie Ridge will be picked up and dropped off along Route 4.

A number of options to provide transportation for these students were researched and presented to the Principals. (See attached option "D" selected).

The parents of students from the Harvey zone attending schools in McAdam will be contacted regarding this decision.

Thank you for your continued support and your participation in this process.

Sincerely,

Wanda Bauer
Director of Finance & Administration
School District 18

cc Superintendent
Transportation Manager

Option D

Morning: Bus # 79 (Steve McArthur) does two morning runs. The first run beginning 7:00 a.m. at Route 3/Route 4 intersection (Gillespie's Garage) to McAdam and keeping students on the bus proceeds to St. Croix then delivers all students to the McAdam schools. The second run is the same as is currently done - to the Harvey Road area.

Afternoon: Bus # 79 would take K-2 students home around town and to St. Croix; then grades 3-5 students around town; then grades 3-12 students to St. Croix. Any K-2 students for the Harvey area will be supervised at the school until the grades 3-5 dismissal, then travel on the bus until the bus-to-bus transfer at approximately 4:00 p.m.

Bus # 74 leaves Harvey (2:50 p.m. from Harvey Elementary and 3:00 p.m. from Harvey High) with McAdam area K-12 students, and Harvey area grades 3-12 students for Route 3, Route 4, finishing in McAdam at approximately 4:00 p.m.

Both buses are in McAdam at approximately 4:00 p.m. At McAdam High School, Bus #79 will transfer students heading to Route 4 and the common stop at Route 3/Route 4 intersection (Gillespie's Garage) to Bus #74. Bus #74 will deliver these students home.

Pros: Provides for more convenient a.m. pick-up times for Harvey students to McAdam.

In the morning, round-town morning pick-ups will be accommodated as currently exists.

Bus # 74 deadheads between Harvey/McAdam anyway – no additional kms/cost for the afternoon run. Has no effect on bus # 79 and current McAdam service.

No period of increased supervision a.m. or p.m. at McAdam schools; except for any K-2 students who have to wait for the grades 3-5 dismissal – similar to FI situation in Harvey for McAdam area students.

Cons: Additional deadhead kms/cost for the morning run. Long afternoon wait and drive on the bus for K-2 students. Bus-to-bus transfer instead of at-school supervision.

MCADAM ELEMENTARY SCHOOL

May 2007

MCADAM ELEMENTARY SCHOOL (784-6808)

Grades K-5 English

McAdam Elementary School Zone: Route 630 (Prospect Ridge, St. Croix), Route 4 (Prospect Ridge, St. Croix to the Canada/US border at Vanceboro, ME), including all side streets/roads; also all streets within the Village of McAdam.

Walking students

All students within 2.4 kms. of the school unless otherwise deemed hazardous conditions.

Streets/Roads within McAdam Elementary School Zone:
