

Dear Brian Gallant Millville elementary
Navy

I really like my school.

• I've been there my whole life

• I want my baby sister to go there.

• I want my other sister to graduate there

• and I want my memories come back when I die

• and I love how ever one can be in drama at the same time.

Devin Connor

Davin Connor

Dear, Brian Gallant

I'm a student at Millville Elementary I would be delighted to have the school open because I would like to graduate from Millville. The advantage of having a small school is... you can have a clean school, everyone gets to choir or drama not just certain people, we can do more field trips, we only need one bus for a field trip, and more. I would also love to have my 5 month old sister to go to the great school. The teacher work hard and my school is a lucky one.

Love,

Summer
