February 19, 2015

Dear Parents/Guardians of Students at Stanley Elementary and High Schools,

As stated in my October 29th, 2014 letter to you, the Anglophone West School District Education Council (ASD-W DEC) voted in favour of engaging a sustainability study of the Stanley School Complex, under the process of Provincial Policy 409: Multi-year Infrastructure Planning. The sustainability study of a school follows a process that includes three public meetings.

Parents and members of the community are invited to attend the second public meeting in the consultation process on the sustainability of the Stanley School Complex. **This meeting replaces the previously planned meetings for February 5 and 16, 2015, which were both cancelled due to inclement weather.**

Date: Thursday, February 26, 2015
Time: 7:00 PM
Location: Stanley School Complex
28 Bridge Street
Stanley, NB

At this meeting, parents and stakeholders will present ideas on the sustainability of the school. An agenda for the meeting is attached to this letter and will also be posted to the Sustainability Study website.

Other opportunities to provide feedback are also available, with details on our website at www.asd-w.nbed.nb.ca, following the sustainability study links. Relevant documentation is also posted to this site.

We hope you will join us.

Sincerely,

David McTimoney
Superintendent
Anglophone West School District
