Lights Out Canada-Earth Day

Woodstock Middle School will celebrate the 10th annual **Lights Out Canada** on Earth Day (April 22). We will be joining over one hundred thousand students, teachers, and administrators in "turning out the lights and switching on education about climate change across Canada". The idea behind **Lights Out** is that small changes add up to make a big difference. It is within all of our power to commit to making those small changes together. We will spend the day with many of our lights turned out, except those needed to ensure student safety. Please join us by committing to turning out your lights on this day too!

WMS Gay/Straight Alliance

The Woodstock Middle School Gay/Straight Alliance meets weekly. This is a voluntary student club which provides fellowship, support, and networking opportunities for students on the LGBTQ spectrum. It is intended to encourage students to be allies to others regardless of gender or sexual orientation. It is about good people raising awareness and reducing bullying.
