

Enrichment My Way! ... A Success!

Mr. Matthew Young from Saint John Energy shows this group of students how electrical circuits work.

Mrs. Baxter teaches her group how to play a musical instrument.

Our Vision came alive on January 17th, 2018 as students and staff participated in our first highly engaging enrichment hour. Students chose their interests from a variety of forty activities. Positive comments from students, 'that was so much fun!', 'when can we do it again?'. Our next enrichment MY Way is set to take place this Friday March 2nd from 10:55-11:55am.

"Morale is at an all time high, we have to do this again!"

SPCA—By Hannah 5C

The SPCA takes dogs and cats that have no homes or need a loving family. The SPCA helps the kittens when they are sick. They also have outdoor pens for the dogs so they aren't stuck inside all the time. The SPCA also has fundraisers all the time for the animals. Their dogs come in all sorts of colours and sizes.
