Guidance	Physical Education	
<p>Counsellor Susan Guttridge, a young counsellor from BC working from home, has created some videos aimed at young people that help you focus your thoughts &amp; bring calm to your day. The top three I’d start with are <a href="#">Affirmations, Persistence, and Adapting to Change</a> – how appropriate! As always, reach out if you need to chat! Smile!</p> <p>Sandra.harrington@nbed.nb.ca</p>	<p>This week we begin planning our own <a href="#">personal fitness plan</a>. Please review the 5 health-related components of fitness and begin planning for cardiovascular endurance. Review the FITT chart and my own personal example to help you. Please fill in your exercise log and continue training for the virtual 5km Rave Run for those of you that want to challenge yourself. Stay tuned, stay healthy and Raider Strong!</p>	
<p><b>A note from your teaching team...</b></p>		
<p><i>Here we are in the third week of May. June is just around the corner. We just wanted to let you know that we are thinking of you and missing you and our school life. Hope you had a wonderful long weekend! Joke for this week: Why did the student eat their homework? Because the teacher said it was a piece of cake! Love that Idiom!!!</i></p>
