Please send an updated copy of your child's immunization record to the school office. Many students did not have the 4-year booster at the time of school registration. Students are required to show proof of immunizations for school entry. If you have questions, please contact your local public health office (Saint John- 658-2285 or toll free 1-800-545-8008). Kindergarten registration is not complete until all necessary documents have been received which includes proof of age, and Medicare.

Phone Number and Address

We encourage families to work with your children so they know a phone number at which you can be contacted and their physical address. In our many conversations about safety and navigating our world, students find a sense of comfort in knowing they can contact a parent/guardian in case of emergency like being lost while shopping or being separated from their family in a crowded setting.
