REGISTRATION PROCESS

<u>ENROLMENT NUMBERS</u> (Maximum and Minimum Student Enrolment based on current grade 8 students)

In order to ensure that each high school in the Saint John Education Centre area offers a full range of programming, minimum and maximum enrolment numbers are established for Grade 9 classes. These numbers are established yearly based on the total number of current grade 8 students eligible to enter high school in September.

Enrolment Numbers for the 2018-2019 academic school year are:

Projected Grade 9 Enrolment	Maximum Enrolment	Minimum Enrolment
747	190 students/school	180 students/ school

SCHOOL ZONES

School Zone	High School
East of the Conserver	Simonds High School
East of the Causeway	Saint John High School
Areas between the Causeway and the	OR
Reversing Falls Bridge	St. Malachy's Memorial High School
West of the Reversing Falls Bridge	Harbour View High School

REGISTRATION FORM

- 1. All Grade 8 students in the Saint John Education Centre will receive a high school registration form.
- 2. The registration form includes the high school(s) serving the zone and out of zone school choices.
- 3. Students will identify their first and second preference of high school on their registration form.
- 4. All Grade 8 students will submit their registration forms by the deadline established by the Director of Schools.
- 5. Students not registered by the deadline will be contacted to register, and their registration will be treated as a late registration.

PROCESSING REGISTRATIONS

- 1. Registration forms will be processed according to established procedures.
- 2. Students not placed in the school that is their first preference, will be placed on a wait list for that school, and will be registered for the school that is their second

High School Registration Handbook, Saint John Education Centre Revised January 2018

preference. If the school that is their second preference is also at its cap the student will be registered for his/her community school.

3. All parents/guardians will receive a letter indicating the result of the registration process.

STUDENTS REQUESTING THEIR ZONED SCHOOL BY THE DEADLINE

If the number of students indicating a preference for their zoned school **does not** exceed the number of available grade 9 spaces for that school, then all the students requesting their zoned school will be placed in that high school.

If the number of students requesting their zoned school **does** exceed the maximum number of available grade 9 spaces for the school, then the names of all of these students will be placed in a random draw-down [names drawn, counting down], which will continue until the maximum number of places for that school is reached.

The draw will establish a waiting list for that school, with the first name drawn being the first name on the waiting list. The waiting list will be in effect until September 30, 2018 at which time the waiting list will be dissolved and students will remain in the school they are attending.

The draw will take place at the Saint John Education Centre Office. The Director of Schools will invite high school principals, and representatives of the Parent School Support Committees to be present.

STUDENTS REQUESTING OUT OF ZONE SCHOOL BY THE DEADLINE

If a high school has **not** reached its maximum enrolment number after all students from its zone have been admitted, then students who have requested placement in an out of zone school will fill the remaining spaces using the following procedure:

- If the total number of students requesting out of zone placement DOES NOT exceed the total number of remaining available grade 9 spaces as allowed by the cap, then all students requesting out of zone placement will be admitted.
- If the total number of students requesting out of zone placement DOES exceed the total number of remaining available grade 9 spaces, then ALL of the out of zone registrants will be placed in a random draw-down [names drawn, counting down], which will continue until the maximum number of spaces for that school is reached.
- The draw will establish a waiting list for that high school, with the first name drawn being the first name on the waiting list.

The draw will take place at the Saint John Education Centre. The Director of Schools will invite high school principals, and representatives of the Parent School Support Committees to be present.

LATE REGISTRATIONS

Students who do not register by the established deadline will be placed by Saint John Education Centre personnel and notified by mail no later than April 30, 2018.

If the student requests his/her zoned school, and there is space available, he/she will be assigned to that school.

If the school requested is filled at the grade 9 level at the time of the registration, the late registrant will be placed in the school of their second preference or their community school based on availability.

Late registrants will be placed at the end of any waiting list in any draw-down procedure.

RETENTIONS

A current high school student retained at a particular grade level will be given a space at that school before a student on a waiting list is admitted to the school.

ADMINISTERING THE WAITING LIST

Once a waiting list for a high school has been created, a student's eligibility for placement in that school will be determined by the student's position on the waiting list and the student's program of studies (English or French Immersion).

As spaces become available Saint John Education Centre personnel will contact the next eligible student on the waiting list to offer him/her a place at the school. If the student declines the offer, then the next eligible student on the waiting list will be contacted and offered the option of attending the school.

This process may be completed before school begins in September but, if not; the list will be maintained until September 30, 2018 when it will be dissolved and any students still on the waiting list will remain in the school they are attending.

No student will be admitted to Grade 9 as long as there is a waiting list for that school. However, if a student moves into a school's zone after the commencement of school then

that student may be admitted to the high school if space is available. Proof of residence will be required. Acceptable proof of residence is a driver's license and/or a power bill.

Students will not be admitted to school by maximizing class sizes at the school. The process described above will be adhered to and students from the wait list will only be admitted to school when a "new" Grade 9 student leaves the over-subscribed high school.

REGISTRATION OF RESIDENT & NON-RESIDENT STUDENTS

<u>Students Living Inside the Saint John Education Centre Boundaries – Not</u> <u>Currently Attending a Saint John Education Centre Middle School</u>

Students will be registered for high school following the process defined for Saint John Education Centre students. The zone school for these students will be determined by their permanent home address.

It is the responsibility of the student and/or parent/guardian to ensure that registration forms are obtained, completed and submitted to the Saint John Education Centre office in accordance with established deadlines.

Registration forms can be obtained from the Saint John Education Centre Office, 490 Woodward Avenue, Saint John, NB, E2K 5N3 on January 29th, 2018.

Students currently attending a private school or being home-schooled must also obtain a "School Entry Permit" to attend public school. These permits are available at the Saint John Education Centre office.

All completed registrations will be processed according to the published timelines and students will receive a letter indicating the result of the registration process.

Students Living Outside the Saint John Education Centre Boundaries

Students whose permanent home address is outside the boundaries of the Saint John Education Centre and wish to register to attend high school in the Saint John Education Centre, must first register at a high school in their own community.

These students will also complete a "Request for Student Placement: Within & Between Centres & Districts". These forms are available at the students' school, education centre, and/or school district office.

The completed form is to be submitted to the Director of Schools in the Education Centre where the student resides. The form is reviewed, signed by the Director and sent to the Saint John Education Centre Director of Schools for processing.

The request will be processed if:

- a) There is a sound reason for the request; and
- b) There is space available in the specified school after the placement of all Saint John Education Centre students.

Students will receive a letter indicating the status of their request on or before April 30th, 2018.

INFORMATION ON THE PROCESS FOR SCHOOL ADMINISTRATORS/TEACHERS

A copy of the Handbook for High School Registrations must be located in each middle and high school. A copy of the Handbook is available on the Anglophone South School District website: <u>www.asd-s.nbed.nb.ca</u>

Each grade 8 and grade 9 teacher, guidance counselor, and teacher who deals with high school registrations must be aware of the process and the information contained in the handbook.

Notice to Parents /Guardians /Students

In February, an information sheet on the high school registration process will be sent home with students.

This will include information on distribution and deadline dates for the registration forms. It will also notify parents/students that middle and high schools have handbooks available should they have questions regarding the process and that the handbook is also accessible through the Saint John Education Centre website.

Information Sessions

Information Sessions at high schools will run from **6:30 p.m. to 8:30 p.m.** It is important to **adhere to this timeframe,** as parents and middle schools will be provided with the information, so consistency is essential.

A blackout period for high schools has been established for events being organized and/or sponsored by high schools which would have middle school students as the target audience, prior to the information sessions associated with the high school registration process. The date for the blackout period will be determined each year in consultation with high school principals.

While everyone is welcome to attend any Information Session, students and parents must be aware that each high school in the Saint John Education Centre does have an enrolment cap (i.e. the maximum number of students that will be accepted for grade 9 each year). Each high school must also maintain a minimum of 180 grade 9 students.

School administrators will ensure that there is a reference to **enrolment caps and enrolment minimums** for their school at the Information Sessions. Parents and students must be aware that there is an enrolment cap for each school, and that school choice is linked to the cap not being exceeded and not going below the minimum.

Students are encouraged to attend the Information Session for their zoned school as identified in the letter included with the registration information. If they wish to be considered for a school other than their zoned school, they may also attend the Information Session for that school.

Submission of Completed Registration Forms

Middle school principals are responsible for collecting the Registration Forms from the homeroom teachers, and for ensuring that the completed forms are delivered to the Director of Schools at the Saint John Education Office on the date specified.

A copy of the grade 8 class list including the student name, parent/guardian name, mailing address, and telephone number must accompany the completed Registration Forms.

Missing Registration Forms should be indicated on the class list.

Registration Forms are to be maintained in alphabetical order by class. They are not to be separated according to high school chosen.

Student Retention / Changes in Status

In June, middle schools will report to the Director of Schools, the names of all grade 8 retentions, grade 8 students attending Summer School as well as students moving out of the Saint John Education Centre area.

Re: Guidelines for High Schools Hosting of Events for Middle School Students.

(REVISED: December 7, 2004) (REVISED: September 2006)

At the October 2001 meeting of high school Principals it was agreed that a blackout period would be established for events being organized and/or sponsored by high schools which would have middle school students as the target audience, prior to the open houses associated with the high school registration process.

The blackout dates will be established each school year based upon the dates of the Open Houses for high schools in the Saint John Education Centre. It was agreed that from the first day of classes, following Christmas break, to the closing date for high school registrations, that no events would be organized and/or sponsored by high schools involving the participation of any middle school students.

It was further agreed that Open Houses would be established in the month of February so that the 3 week blackout period preceding open houses would span the period following Christmas Break when, for the most part, exam preparation and writing takes place.

 - b. Between Education Centres Form (another Education Centre)
 - c. Outside ASD-S (a District other than Anglophone South)
