From Mrs. Carhart

One area of focus found within our school improvement plan is to highlight the cultural diversity found within our walls. At Simonds High School we are working to enhance our sense of community while at the same time recognize our differences. To that end we will soon be spotlighting various countries on our announcements each morning. Our goal is to celebrate our diversity and provide students and staff alike with a greater awareness of where we all come from.

Parent Tip

District data shows that the average high school student loses 1.2% off of their class average each day they miss. That's a 6% loss from their expected grade after missing just 5 days of school.

Mrs. Carhart
