Grad clothing is coming! Our Grad class is finalizing their designs and expect to have those items up for purchase in the very near future. We will let families know when those are available online, early November is what we are expecting.

### Culture and Environment

We have been working on school safety planning and our students have been excellent in doing everything that is expected to get out of the school safely. Our fire department was on site Thursday for our unannounced practice and the feedback was all very positive.

We will be working on preparing for a mock lock down in the coming months. In the event of a real lock down please know that the school would send an email immediately to families as well as a tweet to help everyone stay informed.

### Athletic Corner

As a school we are committed to expect the best of our students both academically and socially. As such we are going to be monitoring attendance and effort for winter sports each week. Students who are not demonstrating their best efforts may be asked to sit out a game/practice. Supporting us with reinforcing the importance of education at home is greatly appreciated in advance.
