Course Registration Fall 2022

We are in the process of building our course catalogue for this fall and at the same time creating a process for student registration that includes an optional evening (virtual) parent session, assemblies by grade and individual guidance appointments. All of these steps are being put in place to ensure that each student has a personalized approach to course registration that ensures they have all the credits necessary for their personal pathway. Look and expect more information to be coming out after the March Break. If you have any questions about registration and courses please don't hesitate to reach out at any point.

Grade 12 corner

We do know that many families will want information about the plans for end of year for our grade 12 students now that the restrictions are changing. We will be meeting as a PSSC, Student Representative Council (SRC), Grad Class Committee and administration team to make the decision and plans for end of year celebration. This will also be in consultation with the other High Schools so as to align as much as possible where we can. It is our hope and plan to have this all available to you after the March Break.

Open House video

A component of the Grade 8 High School registration process is the Open House opportunities. This year the process was held virtually and we are incredibly proud of the work that was done to put this video together. If you haven't had the opportunity to watch it please take three minutes to see just how outstanding Simonds High School is!
