## WEEKLY NEWSLETTER

*May 16th, 2025*

### Important Dates

At Simonds High School, we are proud to offer enriching academic opportunities that challenge and inspire our students—one of which is our growing Advanced Placement (AP) program. This year, we celebrate the achievements of 50 AP students, including four remarkable individuals who took on the challenge of completing two AP courses and 45 who took the AP exam for University credit! As we continue to build momentum, we're excited about the future of the program and the increased opportunities it provides. Looking ahead to the fall, we're thrilled to announce the expansion of our AP offerings to include AP Calculus, with more courses on the horizon. The future is bright at Simonds, and we're committed to providing our students with the tools they need to thrive!

We are excited to congratulate the 50+ Simonds High School students who are heading off to Quebec for an incredible learning experience that will immerse them in French language and culture! This opportunity is a wonderful reflection of our continued commitment to growing and expanding exposure to French programming at Simonds. A heartfelt thank you goes out to the amazing faculty members who have graciously volunteered to chaperone, and a special shoutout to Tomalyn Young for the countless hours she has dedicated to organizing and coordinating this unforgettable trip. We are so proud of our students and look forward to hearing all about their adventures en français!

Thank you for your continued support and engagement.

Jennifer Carhart

- May 19<sup>th</sup> No School – Victoria Day holiday
- May 20<sup>th</sup> Practice emergency evacuation
