### Important Dates

As part of our ongoing commitment to providing a positive and focused learning environment for our students, I want to share some important updates regarding school policies and our efforts to maintain a safe and respectful space for all.

**No Vending Machines During Instructional Time**  
To minimize disruptions and ensure that students remain engaged in their studies, our vending machines will be unavailable during instructional hours. We encourage and remind students to access the machines during breaks and transitions.

**Cell Phones: A Thank You for Your Cooperation**  
We appreciate your cooperation in reinforcing our no cell phone policy during instructional time. Limiting the use of cell phones helps students stay present and engaged in their lessons, free from digital distractions. Our staff is committed to ensuring a safe and secure environment for all students. We are “all hands on deck” throughout the school day, actively monitoring hallways and bathrooms in each building. This heightened presence helps maintain safety, accountability, and respect in shared spaces.

Thank you for partnering with us in creating a school environment where students can thrive academically and personally. Your support is greatly appreciated.

Jennifer Carhart
