From Mrs. Carhart

Though it has been a short week there has been so much to celebrate. Our SRC has been working around the clock to promote and plan non stop spirit for our students and community. From pep rallies, assemblies, swag and posters they have been excelling. We are proud of the work they have put in and how they are working to create a fully engaging high school experience for all!

Last week we made a small and exciting change in our schedule. This adjustment is in response to the increasing need at our school to provide English as an Additional Language course. This means that our diverse population is increasing and our school population is booming! Thank you to our Mr. Webb for taking on this opportunity and we look forward to this course as one to continue for years to come.

Lastly, our football East vs. West game was another community connection that was topped off with the win over HVHS. Both schools provided the 50/50 proceeds to the Crown family as a community donation.

Mrs. Carhart
